

LENZ Composites 2015-2023 Challenger Headlight Duct Installation Guide

Package Contents

Your package includes the following:

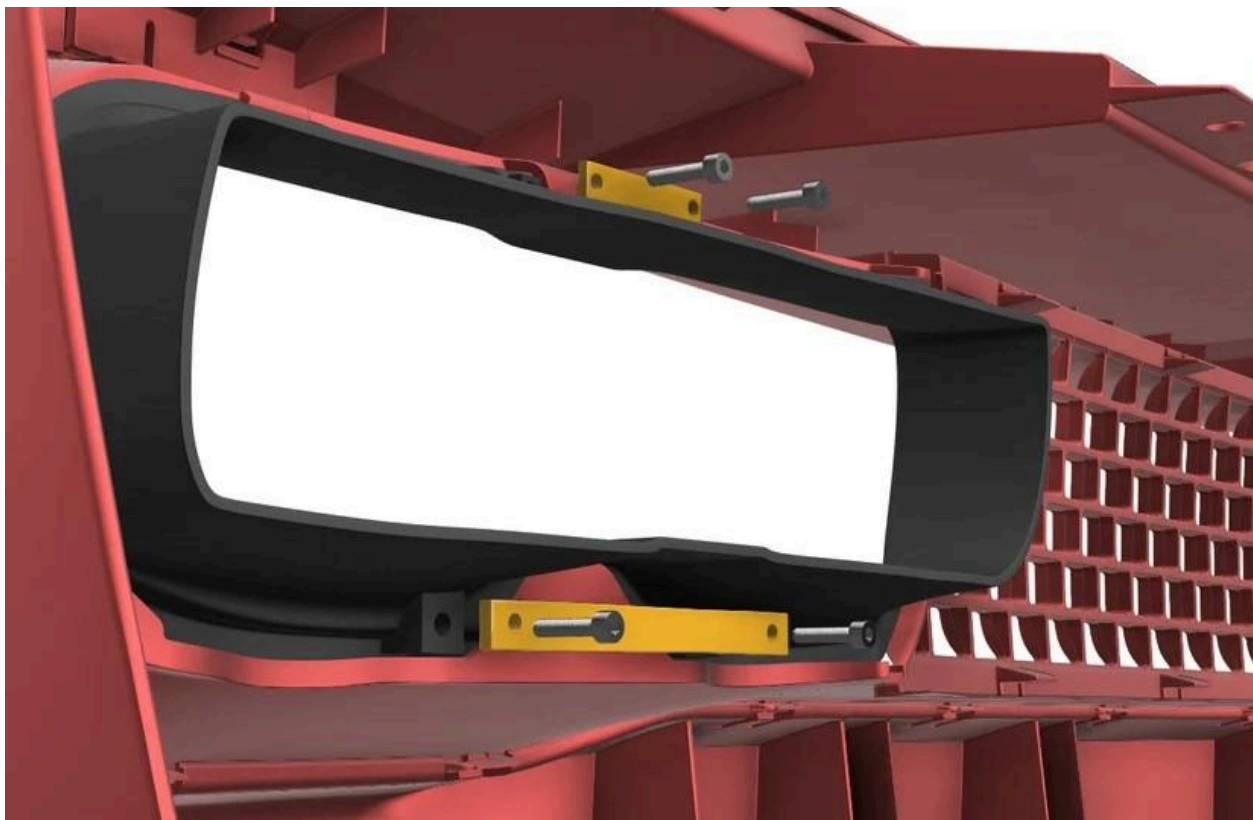

- 1× Headlight Duct
- 1x Headlight Bezel
- 2× Mounting tabs
- 4× M4 Mounting Bolts
- 1× Allen Key

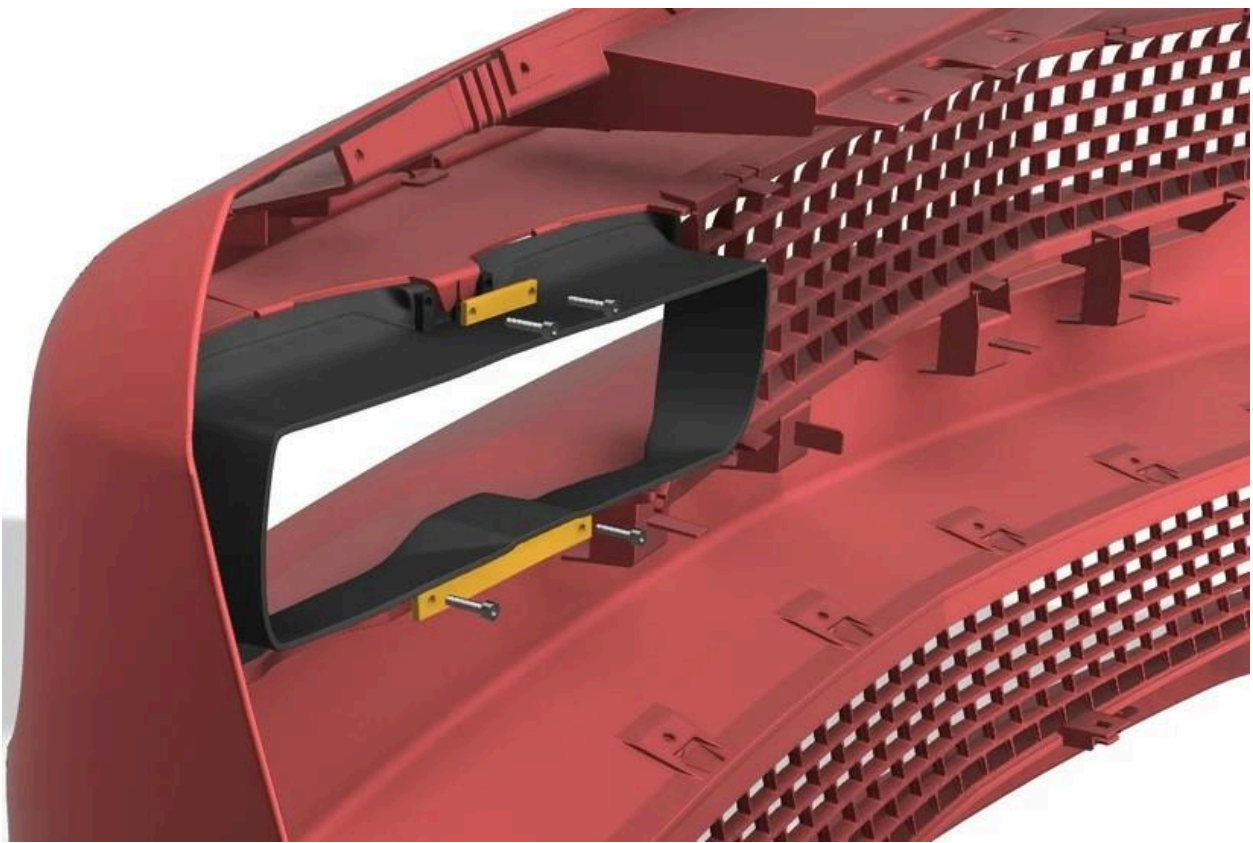

Step 1.

Remove OEM Bumper & OEM Headlight off the vehicle. Then remove the OEM Headlight Bezel off the bumper

Step 2.

Install the provided headlight Bezel to the bumper first. Slide the bezel through the front side of the bumper and install the provided 2 tabs with the 4x M4 bolts onto the back side (photos for reference). Short bracket goes up top, long bracket goes on bottom.

Step 3.

Install the Headlight Duct to OEM Mounting points reusing the oem mounting hardware.

Step 4.

Reinstall bumper back onto car, the headlight duct should slide right into the bezels opening when remounting the bumper back onto the car
